

# ASPIRE

Independent Support  
when you need it

*“We pride ourselves  
in becoming part  
of your family  
whilst you become  
part of ours”*

## ***Why choose Aspire?***

We create personalised tailor made packages to suit everyone's needs with a team of highly skilled, mature staff.

Here at Aspire, we understand that everyone leads busy lives and sometimes you just simply can't be there for appointments or to take your loved ones along with you on holidays or days out so that's where we can help you.

In your absence we can provide professional support and a friendly face in the home, assisting with daily tasks, making sure appointments are kept and we can even sleep-in to give you complete piece of mind.

We currently work in partnership with Direct Payments, NHS, Privately funded and Healthcare schemes to offer support.

*“We will support your family  
members to live life to the fullest  
giving you piece of mind.”*

*Our staff love what they do for a living and more importantly care about the clients and their goals.*

*We work in all areas and all support workers have fully insured transport and have access to a wide range of resources to help fulfil your needs, including our day activity centre.*

## ***What's important to you? Because these things are important to us too***

- That you know exactly who is coming each week and when.
- We can take your loved ones out in our fully insured vehicles to Social Activities/GP/Hospital Appointments.
- When you are busy living your life – your loved ones are too.
- We can help with shopping/cooking and cleaning with your family member.
- We have a day activity centre where they can meet friends with similar things in common.
